A New Safety Standard:

Social distancing has been adopted by organizations nationally and globally to stop or slow the spread of COVID-19 by limiting face-to-face interactions and increasing physical distance, especially in high-community, high-traffic situations.

A Simple Solution: Tape

Go-to tool for:

- Marking lanes and aisles
- Setting direction for foot traffic
- Forming lines
- Indicating waiting sections
- Identifying hazardous areas, safe zones and other areas of importance
