

# Online Learning

BUNN offers a variety of flexible online training options as we work through this challenging time. We not only fit individual learning preferences, but also make it easy to keep development and business goals on track.

## View our online training options:

### E-LEARNING COURSES

Our e-learning courses provide the flexibility and convenience of self-paced, self-directed training courses when and where you need them most. Our e-learning incorporates a variety of fundamental and product-specific topics to deliver a world-class online training solution wherever you need it most.

### VIRTUAL CLASSROOM

Our virtual classrooms are live, instructor-led courses. They are designed to give students web-delivered, interactive training experiences with all the benefits of classroom instruction.

### WEBCASTS

Our webcasts are designed to give updates on product and service information as well as tips and tricks on operating and maintaining our equipment. These events follow a “broadcast” model where our live instructors provide the instruction followed by a Q&A at the end.

### INSTRUCTIONAL VIDEOS

Our Instructional Videos are short “How To” videos showing step by step instructions on servicing BUNN equipment.
