**CLEAR**

**WHITE**

**FROSTED**

### ► Safco Products Clear, White or Frosted Freestanding Multi-Workstation Acrylic Tabletop Wellness Screens SAF7504CL/WH/FR - 59½W x 29½D x 23½H" List Price: \$550.00

- Acrylic panels create physical barriers between people and workspaces to better support social distancing initiatives and COVID19 return-to-workplace strategies
- Functions on any large flat surface like a tabletop or bench to separate a single space into four individual work areas – no edge clamps or fasteners required
- Helps reduce exposure to airborne droplets and moisture produced by sneezing, coughing and talking
- Panels made from 100% white, frosted or clear acrylic for simple, wipe-down cleaning and maintenance
- Clear panels allow for positive and professional face-to-face interactions while helping limit physical contact
- Opaque white panels enhance visual privacy when working with sensitive documents or private information
- Translucent frosted panels allow more light to pass than white panels while still providing a measure of visual privacy greater than that of clear panels
- Freestanding design offers easy relocation or repositioning as needed
- Sets up and tears down quickly with simple one-step assembly
- Smooth, clean edges on all components ensure a professional look and safer handling
- Ideal for use in collaborative workspaces, meeting areas and open office environments
